HEPFNER RACING PRODUCTS

It All Started with the Drive to Build a Better Sprint Car Wing

OUR MISSION

For nearly 3 decades, Hepfner Racing Products (HRP) has been unwavering in its mission to provide top-of-the-line products and exceptional customer service that empower our customers to **maximize their potential on the raceway.**

HRP aims to maintain its position as a leading provider of high-quality racing gear, wings, and accessories that are engineered to perform at the highest levels. Through continuous innovation and enhancement of our products, we remain committed to **pushing the limits of what is possible on the track.**

HRP continues to be a brand of choice for professional and amateur racers alike, and is committed to establishing a **lasting legacy in the world of motorsports.**

SHIPPING DAMAGES

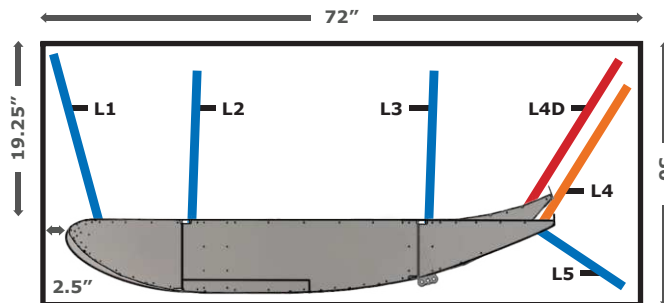

HRP Wings are carefully packaged to prevent damage, using a packaging design that we worked on with the UPS Package Design and Test Lab to ensure safety and cost-effectiveness for our customers. However, there are instances beyond our control that can occur once the kit leaves our facility, resulting in minor issues. While such occurrences are rare, the damages can usually be easily remedied by the receiver with minimal effort. We appreciate your understanding and support.
